

ALF Policy Debate

Enhancing Diversity, Equity, and Inclusion in AI for a Sustainable Euro-Mediterranean Ecosystem

Dates: November 29, 2024

Location: Oujda, Morocco

Venue: Campus du Savoir, Mohammed First University

29/11/2024

11:30-13:00 *Addressing bias in Euro-Med AI development*

This session will examine how biases are embedded in AI systems across the Euro-Med region. The objective is to identify ways to mitigate these biases by integrating diverse perspectives in AI development, from the design phase to data collection and model building. Real-world case studies will highlight how bias affects AI outcomes, while panellists will bring forward suggestions to make future Euro-Med AI systems fairer. The discussion aims to ensure that AI technologies are designed and deployed with fairness and justice at their core, benefiting all communities equitably.

Speakers

Claude Kirchner, Director, meritus scientist, Inria. Formet director of the national pilot committee for digital ethics
